**Peaceful Acres Lavender Farm will host Clinton County's first annual Lavender Field Day.** The fields are filled with an acre of many different varieties of lavender in Full bloom and here for Handpick visitors. Daily workshops will be held for adults and children. Family matters on our farm so feel free to bring the young ones to many of our workshops.

**Child workshops** are FREE and include Herb Sachet making, Chicken feeding, Giant sling shots, Nature Trails, and Recycled Instruments. Please Pre-register.

**Adult workshops** include Lavender Wreath, Lavender Wand crafting, and Gourd Instrument crafting. Also learn how to build raised beds utilizing recycled materials. Pre-registration required. Please contact us for cost.

Peaceful Acres is located .2 mile from the Historic Martinsville Rd. Covered Bridge. Come out handpick lavender and spend the day with nature! You will be amazed what wild life can bring to our fields. This is a don't miss invitation, our farms magic is peaked on this weekend so rain or shine the farm is still here! BRING YOUR CAMERA or Anything to draw, paint, write while you have fun.....and enjoy what nature has to offer on Ohio's Largest Lavender Farm!

*"It is a great thing to see, a farm taking recyclable trash and using it for their construction projects. Especially the Earthship Biotechture we have been building that is now close to completion. This place is going to be great," says Jason, Earthship Biotech.*
